

FACILITIES DEVELOPMENT

File: FECBA-R

ENERGY-CONSERVING CONSTRUCTION

1. Any proposed project which contains the most efficient energy-saving plans within an acceptable budget will have priority.
2. Energy-saving designs will be documented in the architectural evaluation and will comply with educational specifications as determined by the Virginia Department of Education and approved by the Charlottesville City School Board.
3. A continuous study of energy problems and energy sources will be maintained by the administration, under the direction of the Assistant Superintendent for Administrative Services, for future planning in new construction.

Issued: August 17, 2009
