

RETIREMENT OF FACILITIES

School division buildings may become unsuitable for their present use, but may be used to benefit the school division or public in other ways. The Superintendent reviews division schools and facilities on a continuing basis. The Superintendent may recommend to the School Board that a particular school or school facility should be retired or its use changed. In determining whether a facility is to be retired, the School Board may consider the following of factors, among others:

1. The adaptability of the building for continued use for its present purpose;
2. The suitability of the site of the building;
3. The maintenance and upkeep costs of the building costs; and,
4. The historic value of the building to the community.

The School Board shall invite the viewpoints of community residents and staff in making its decision to retire a school building.

If the School Board determines to close a facility, it will first consider other uses that the school division might make of the building prior to considering relinquishing possession of the building.
