The Superintendent shall establish administrative regulations and procedures containing the appropriate uses, ethics and protocol for the computer system.

- (4) provisions establishing that the technology protection measure is enforced during any use of CCS computers;
- (5) provisions establishing that all usage of the computer system may be monitored;
- (6) provisions designed to prevent unauthorized online access including "hacking" and other unlawful online activities;
- (7) provisions prohibiting the unauthorized disclosure, use, and dissemination of photographs and/or personal information of or regarding minors; and
- (8) a component of Internet safety for students that is integrated in the division's instructional program.

Use of the CCS computer system shall be consistent with the educational or instructional mission or administrative function of the school division as well as the varied instructional needs, learning styles, abilities and developmental levels of students. The CCS computer system is not a public forum.
