5. 403 (b) Retirement Savings Accounts

Employee accounts are commonly referred to as Tax Sheltered Annuities or TSA. This is due to the fact that only standard interest annuities and variable annuities were allowable account types until the passage of the Employee Retirement Income Security Act (ERISA) in 1974. This development added mutual funds under custodial arrangements as an additional investment option. All regularly scheduled employees may elect to contribute a limited portion of their salary before taxes to one of the authorized plans available through the Charlottesville City Schools.

Types of 403 (b) Accounts:

Eligible employees may choose from several types of 403 (b) TSA accounts for retirement savings. The different plans listed below represent the majority of all account types currently available.

A. 403 (b) - Standard Interest Annuity
B. 403 (b) - Variable Annuity
C. 403 (b) – Custodial Accounts

Additional information and procedures for all benefits are located in the Employee Handbook. The Employee Handbook is located on the CCS website and is available in each school.
