ADVANCED/ALTERNATIVE COURSES FOR CREDIT

The Charlottesville City School Board will enter into an agreement for postsecondary degree attainment with a community college in the Commonwealth specifying the options for students to complete an associate's degree or one-year Uniform Certificate of General Studies from the community college concurrent with a high school diploma. The agreement will specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

Beginning in the middle school years, students will be counseled on opportunities for beginning postsecondary education and opportunities for obtaining industry certifications, occupational competency credentials, or professional licenses in a career and technical education field prior to high school graduation. Such opportunities will include access to at least three Advanced Placement courses or three college-level courses for degree credit. Students taking advantage of such opportunities shall not be denied participation in school activities for which they are otherwise eligible. Wherever possible, students will be encouraged and afforded opportunities to take college courses simultaneously for high school graduation and college degree credit (dual enrollment), under the following conditions:

- written approval of the high school principal prior to participation in dual enrollment must be obtained.
- the college must accept the student for admission to the course or courses
- The course or courses must be given by the college for degree credits (no remedial courses will be accepted).
